

## GENERATOR WITH IRONS

Automatic steam generators with irons.

Product codes: 1560, 1563

**DESCRIZIONE:** Products in the low-cost Essentials range are simple and robust, designed and made in Italy by Trevil, to guarantee price-effective quality and reliability. Automatic steam generators with irons.

- Model 1563 includes one 800 W iron with silicone mat and cable holder rod.
- Model 1560 includes two 800 W irons with silicone mats and cable holder rods.

## MAIN FEATURES

### **Easily repositionable**

This generator is mounted on casters, and includes a water feed tank.

Installation is easy and does not require permanent connection to the water mains.

**No water treatment needed**

Both the boiler and the water tank are made of stainless steel.  
Heating elements are made of self-cleaning Incoloy alloy.

**Nonstop operation**

Equipped with stainless steel tank and pump for automatic boiler refill without interruptions.

Water level in the boiler is controlled electronically. No floating ball, no moving parts that can fail.

**Safe**

Each model in the range is equipped with safety protections against over pressure and over temperature. A red alarm light on the front panel turns on to warn the operator in case of failure.

### Inexpensive

The LINEABLU range is composed of simple but long-lasting products, designed and manufactured in Italy by Trevil, to guarantee affordable quality and reliability.
